## FIVE RULES OF LEGO HOCKEY

## PLAY LEGO® NHL® CHAMPIONSHIP CHALLENGE!

- 1 A match lasts five minutes. The clock never stops, even when the puck flies across the room and lands in your dog's dinner bowl. So find it fast, and keep firing at the firehole.
- 2 Any shot that bounces back out the net counts for zilch. Zero. A big fat goose egg. For a goal to count, the puck must remain inside the net.
- 3 Freezing the puck is not allowed. A player must pass or shoot within five seconds of receiving the puck. Or go home.
- 4 A face-off occurs after each goal, or any time the puck flies out of the rink. All face-offs take place at center ice.
- 5 The most important rule of all...Have fun!

**NEW! HANDS-ON HOCKEY  
FROM LEGO SPORTS!**

## LEGO HOCKEY GAME TIPS

### SUPER COOL SCORING MOVES!

#### Pick and Shovel

For this play, use your center to eat a pick on the opposing center and force him away from center ice. This will open up a lane for your defender to deliver a quick shovel pass to your forward, who can then flick the puck into the net.

#### Ricochet Rocket

Position your forward inside the face-off circle. Move your center toward your opponent's goal to cut off the defense. A pinpoint pass from your defender into right corner of the rink will ricochet right onto the waiting blade of your forward. He shoots, he scores!

## Knights' Kingdom

### MEET THE DESIGNERS!

Cecilia Weckstrom and Christian Forbes-Bell have been working on the new LEGO Knights' Kingdom line of action figures and playsets. Cecilia created the 8778 Border Ambush, and Christian designed the 8779 Grand Tournament. (You may recognize them as the models used to make our Power Knights!)

#### What's your favorite part of Knights' Kingdom?

**Christian:** The style and possibility of the large action figures.

**Cecilia:** We've put cool functions and play features into every model, so nothing is static or dull. Everything has plenty of action and fun!

#### Do you have a favorite model?

**Cecilia:** I can't pick just one. I love how the Castle of Morcia changes from good to bad, the Grand Tournament's joust launchers, chucking the boulder in the Border Ambush, and of course having a good sword fight with the big knights!

**Christian:** The Grand Tournament, because I designed it exactly how I wanted!

#### What do you like most about the model you designed?

**Cecilia:** I love all the different play features: firing the boulder, crossing the bridge, the trap door that you have to avoid or try to push the Shadow Knight into. It's not a huge model, but there's plenty of play packed into it!

**Christian:** I like the fact that it's just as much fun to play with by yourself as it is with two people!

#### (Psst! Can you share any secrets about your model?)

**Christian:** The colored bricks in front of the King's throne swivel to keep score of the jousts between Vladek and Jayko.

Build Power Knight Vladek using pieces from 8786 Vladek and 8779 Grand Tournament!

Build Power Knight Santis using pieces from 8785 Santis and 8778 Border Ambush!

**'KNIGHTS' KINGDOM GBA**

Become a powerful hero, defeat Vladek and save the Kingdom! 9 action-packed quests, 4 magic power-ups, 3 unique modes of play and much, much more. (Use your link cable for multiplayer games like 'Head-to-Head' and 'Joust'!)

SALUTATIONS, FELLOW KNIGHTS! JAYKO HERE WITH A FEW TIPS TO HELP YOU OUT.

Pay attention to Danju during training. He's a smart guy, and he knows all about being a Knight!

You don't have to complete all of the Quests in order. If you're having trouble with one, try tackling another.

Keep an eye out for the Sword Game - they'll let you fire different kinds of lightning from your trusty sword!

Raise your shields!

There's a secret room hidden on every level. Each one has a piece of the Last Key or a Vladek Artifact inside. Find all the pieces of the Key and you'll unlock the bonus play mode, 'Last Man Standing'!

FOOLISH HERO, YOU'RE FORGETTING THE MOST IMPORTANT PART. IF THEY COLLECT ALL OF MY ARTIFACTS, THEY'LL BE ABLE TO PLAY AS ME IN THE TOURNAMENT ARENA AND MULTI PLAYER GAMES! WHAT GREATER REWARD COULD THERE BE THAN THAT?
